Engagements of Gold for Shipment Carried Little Weight-Local Markets Firm and Featurcless.

At New York, yesterday, money on call was easy at 1@11/2 per cent.; last loan, 11/2; closed at 11/2 per cent.

Prime mercantile paper, 2%64% per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.88%@4.89 for demand, and \$4.87%@4.88 for sixty days; posted rates, \$1.881/64.89 and \$4.891/641.90; commercial bills, \$4.86%.

Silver certificates, 60@60%c. Bar silver, 59%c; Mexican dollars, 49c. Total sales of stocks were 155,277 shares, including the following: American Sugar, 36,900; Burlington, 6,800; Chicago Gas, 13,-800; Delaware & Hudson, 4,900; Distilling, 12,300; General Electric, 6,200; New Jersey Central, 9,100; Reading, 6,900; Rock Island, 11,200; St. Paul, 11,000; Northwest, 4,200.

The result of yesterday's trading on the Stock Exchange is a pretty general advance in prices, ranging from 1/4 to 3/4 per cent. in the active list, and extending to 2% per cent. in the inactive securities. There was a slight increase in the volume of business compared with Thursday. A somewhat remarkable fact is that while a rumor was current on the exchange to the effect that Secertary of the Treasury Carlisle had resigned, the market moved steadily upward. It is true that Wall street has periodically rumored Carlisle's retirement during the past few weeks, but never before as an influence to "jack" up prices. Another rumor and equally without foundation was given out that the associated banks were about to submit their views to Congress on the currency question by to Congress on the currency question by means of a bill. The engagements of gold for shipment to-day did not seem to exert any influence on the speculation. In amount they were hardly up to expectations, being only a trifle more than \$2,000,000 when it was anticipated that nearly \$3,000,000 would go forward. The share speculation opened firm and during the first half hour the tendency of prices was mildly upward and then came a period of depression in which the gains were mostly lost. Before noon the upward movement was renewed with Illinois Central and Delaware & Hudson in the lead. In the early afternoon a bear at-

Illinois Central and Delaware & Hudson in the lead. In the early afternoon a bear attack was made on Chicago Gas, and in addition to heavy sales regular sellers' ttocks were put out 1½ per cent. below the regular price. It is said that this selling was by friends of the Egnedict interest. Other shares reacted a fraction in sympathy, but about 1:15 o'clock the temper of speculation changed for the better, and on fairly good buying an improvement was inaugurated which was continued in force until after delivery hour. In the last half hour there was a reaction in which part of the gains were lost and the market closed heavy in tone. The chief advances on the day are: Illinois Central, 2½ per cent. (on purchases of 300 shares); Delaware & Hudson, 2¼; New Jersey Central, 1½.

The trading in bonds resulted in but little change among the speculative issues, but transactions in the main were a shade higher There was an increased. transactions in the main were a shade higher. There was an increased demand for the higher priced mortgages and some material advances were recorded in these

bonds were firm. State The following table, prepared by James E. Berry, Room 16, Board of Trade, shows the range of quotations:

The total, exclusive of New York, was \$474,172,735, an increase of 7.7 per cent.

LOCAL GRAIN AND PRODUCE. Trade Active, Values Strong and with

Few Changes. Despite the fact that Indiana is now covered with the heaviest fall of snow in many years, trade yesterday on the wholeale streets was active. Mail orders were good and a good deal was doing in filling the delayed orders of Thursday on account of the severe storm. On Commission row trade is as good as could be expected under the prevailing conditions. Fruits, vegetables, poultry, eggs and game are firm at quotations. The provision market rules steady with some improvem-The flour market shows a little more life, but prices continue low beyond precedent. Hardware men have had a little spurt on ice cutters, skates and other articles for which the present weather creates a demand. The break in prices since the new year in several lines of dry goods has increased the volume of trade. Grocers are as busy as usual with steady prices ruling. The local grain market is active and

as busy as usual with steady prices ruling. The local grain market is active and receipts light. Wheat, corn and oats all in good request at the following bids track: Wheat—No. 2 red, 52½c; No. 3 red, 50c; wagen wheat, 51c.

THE TRADE REVIEW

NOTHING FAVORABLE TO INCREASED BUSINESS DISCERNIBLE.

Iron Business Almost Hopelessly Depressed and Manufacturers Not Encouraged-Railroads and Grain.

NEW YORK, Jan. 11 .- R. G. Dun & Co.'s weekly review of trade which issues tomorrow will say: Neither the beginning of the new year nor the failure of the currency bill has brought any material change to business. The idea that business would suddenly take a new start after the holidays had rather less foundation even than asual, but the hope of strong revival a little later is still cherished by many. There has not been much time for change in the industries but differences observed since the new year began are not in the direction of higher prices or larger demand. There are more indications than of late that stocks of different kinds of goods have been accumulating in consequence of past increase in production. The weekly output of pig iron Jan. 1, reckoning in some furnaces only temporarily out of blast for the nolidays or repairs, was 168,414 tons against 1°3,762 Dec. 1, showing practically no change. Put stocks of unsold pig increased during the month about 20,000 tons weekly, so that actual consumption in the manufacture seems to have been about 140,000 tens weekly against 157,000 in November. In any case the industry is doing vastly letter than a year ago, when the output was ress than 100,000 tons, but indications of ereces of production over 'emand are sound in further weakness of prices. Bessenice pig sells at \$11.80 at Philadelpaia and steel billets at \$17, grey forge at \$9.15 at Pittsourg, wire nails at 82% cents and barbed wire at \$1.85, other prices remaining as before at \$1.85, other prices remaining as before about the lowest on record. Low prices at Pittsburg have checked business at the West and are attributed by some to the idea of purchasers that the recent reductions in wages and cost of male and the followed by still lower prices. Lut the main fact is that consumption is below expectations. The cotton manufacture reports decreased demand, with the print cloths down to 2.62, printed stuples much demoralized and lower; and wide sheetings generally reduced about 6½ cents, many quotations of cotton goods are the lowest on record, the week's trade being quite unon record, the week's trade being quite un satisfactory. Trade in woolens hesitates be-cause of the large distribution from warehouse under new duties, but little change appears in prices, and heavy wholens are expected to open at about last year's quo ations. The demand for dress goods has been remarkably satisfic ory until within two weeks, but has fallen of Sales of wool, 5,236,715 pounds against 5,805,500 two years ago indicates hopefulness among manufacturers.

Speculation in products has been more ac tive. Corn has risen 1% cents and though receipts are but little over on half of last year's, the practical disappearance of the export demand, then large, counts for about as much. Little attention is paid to the government report that the yield was only 5,213,000,000 bushels and the advanced state for wheat 462,267,416 bushels was treated as equally unimportant. As receipts of wheat have fallen to 1,305,704 bushels against 1.818,-582 lgst year, and Atlantic exports have be-come larger than a year ago, the advance of 114 cents in prices is not surprising. Cotton is so low that scarcely any reason is needed for a fractional recovery, but with 7,000,000 bales already in sight, and the stocks abroad enormous, there is little to cause

much recovery.

Fallures this week are 420 in the United States against 474 last year and fifty four in Canada against fifty-seven last year. Bradstreet's Review of Trade. NEW YORK, Jan. 11 .- Bradstreet's tomorrow will say: The second week of the new year brings few reports of an increasing volume of orders for seasonable goods. Total gross railroad earnings for the calendar year 1894 are the most unfavorable for many years. Earnings of 114 leading American lines, with 14,000 miles of road, amount to \$478,000,000, 11 per cent. less than in 1893, in which year gross earnings fell off 2.1 per cent. from the total in 1892, when there was a gain in gross railway earnings of 5 per cent, as contrasted with 1891. Every group of roads showed reduced earnings last year, compared with 1893. The most favorable exhibit is that by Southern lines, the decrease for which was only 2 per cent. Gross earnings of Mexican railways are in contrast with those in the United States, reporting a gain over 1893 of 5 per cent.

The best available data with respect to the size of domestic wheat crops in 1893 and 1894, together with supplies in sight at various dates, quantities planted and exported (and consumed by animals in 1894), together with Bradstreet's reports of stocks out of farmers' hands, make it plain that total wheat supplies in the United States on Jan. 1, 1895, were 18,000,000 bushels smaller than one year previously, and that stocks back of available supplies were fully 34,000,000 bushels smaller. Exports of wheat (flour included as wheat), both coast of the United States, during six business days ending Jan. 10, telegraphed exclusively to Bradstreet, amount to 2,587,000 bushels, compared with 3,142,000, bushels last week, 2,409,000 bushels in the second week of January, 1894, 3,308,000 bushels in 1893 and with 4,183,000 bushels in 1892. Supplies of available wheat in the United States Canada in Europe out of the ican railways are in contrast with those els in 1893 and with 4,183,000 bushels in 1892. Supplies of available wheat in the United States. Canada, in Europe, out of producers' hands, and affoat for Europe from all exporting countries, together with those in Australia, furnish a total of 187,253,000 bushels on Jan. 1 this year, a decrease of 6,470,000 bushels, compared with Jan. 1, 1894, but an increase of 717,000 bushels, compared with Jan. 1, 1893, and of 28,750,000 bushels, as compared with Jan. 1, 1893.

Needs of the Woman's Reformatory. To the Editor of the Indianapolis Journal: An editorial in the Journal of this date. relative to the expenses and estimates of the State institutions, says: "Last year the net expenditures of the Reform School for Girls were \$11,907.93, but the estimates which are sent to the Legislature for next year aggregate \$67,686." I am glad of an opportunity to explain the cause of this increase. First, it should be born in mind that the estimate is for two institutions, instead of one-the prison for women, and the Reform School for Girls, both being under the same management. Second, the increased esti-mate is for new bollers and a boller-house. The ordinary life of boilers is about twelve years. The present boilers have been in use sixteen years. They are too small and have been run at their utmost limit. They have been repaired many times, and the last time, Sinker-Davis men assured us they could do nothing more with them, and that it would be dangerous to run them another year. We are now in constant danger of an explosion. New boilers seem to be an absolute necessity, and a new boiler-house equally so, as the present one is too small and dangerously located. These are the main items included in the increased estimates. There has been no increase in the maintenance fund of the institution for several years past. The Journal article speaks of "greenhouses and other luxuries." as if implying that our increased estimate included such expenditures. We have no greenhouse and do not ask for one, nor for other luxuries. that it would be dangerous to run them other luxuries.

CLAIRE A WALKER.

Member of the Board of Managers. Indianapolis, Jan. 11.

His 'Art Is True.

New York Commercial Advertiser. New York Commercial Advertiser.

The President has got down so far in the Hawalidn matter as to appeal to the people to believe that his "motive" was good. That has been worked to death. For years, whenever Mr. Cleveland perpetrated an act that violated all his pledges and humiliated his friends, the country was assured that his "motive" was sound. It's no matter what you do, if your heart is only true, and his was.

Glad He Was Dead. Philadelphia North American. We have no direct communication with Andy Jackson, but risk the assertion that could Old Hickory have been heard from, he would have declared that he was glad he was dead.

Action of Leading Shorts Influenced All the Markets.

visions at slight declines.

Corn was very firm during the greater part of the session. It took a little dip at the opening and then ruled firm and advanced %c above yesterday's closing prices. Following that, when it lost the support of wheat, it began to droop and gradually worked down around the price it sold for near the opening. May opened at from 48c to 48%c, declining as already stated. The demand for car loads was good at an average price of about %c over that realized yesterday. The government Agricultural Bureau report was one of the aids, to the Bureau report was one of the aids to the market. May closed at 47%c.

A good many small orders for oats were

and intermittent transactions and fluctuations confined to a very narrow range.
The highest and lowest prices of May pork
were only 5c apart. Lard and ribs scarcely varied more than 2½c. Compared with
the closing prices of the day before pork
was 7½c lower. Lard is unchanged and
ribs 2½c higher. A rumor that a prominent live stock commission house estimated that the receipts of hogs next week
would amount to 225,000, caused some of the
weakness which prevailed, but packers
seemed indisposed to accept going rates
for very much. Estimated receipts for
Saturday: Wheat, 50 cars; corn, 325 cars;
oats, 140 cars; hogs, 19,000 head.
Leading futures ranged as follows:

CHICAGO, Jan. 11.-It was a bear day in wheat. In the face of generally bullish news free selling pushed down the price and May closed %c lower. May corn closed 4c lower, May oats, %e lower and pro-

Pardridge made a vigorous effort to remove the bullish flavor from the wheat market previous to the commencement of the regular session. He sold enough on th open board to crush the price of May wheat to 5812c and 5814c and had for sale on the regular board at the same price. Some of the scalpers took sides with the big bear trader, but there were buying orders enough to take all the early offerings and at from 58%@58%c up to 58%c and when these were exhausted to continue buying until the price advanced to 58%@ 58%c. There was at that point a general unloading of the early purchased wheat. Receipts were small and exports fairly liberal, while reports of a good inquiry for cash wheat were numerous and foreign markets were generally firm. St. Louis continued arrangements for the transfer of large quantities of wheat. Despite the pullish news the liberal seiling continued to the end of the session and May closed

brought out at the opening of the session. The market advanced from 314c to 31½c for May and then there was free selling generally, headed by Upsyke and Schwartz-Dupee. All requirements were filled and, with few buyers, the price very soon fell off to 31½631½c and closed at 307½c

Provisions were sluggish with only small and intermittent transactions and fluctua-

ter and easier; No. 1 white, 56%c; No. 2 red, 56c; No. 3 red, 55%c; No. 2 white, 54%c; No. 2 mixed, 31c. Rye, 51%c. Receipts—Wheat, 15,700 bu; corn, 13,000 bu; oats, 12,000 bu. Titles by Courtesy.

To the Editor of the Indianapolis Journal: In my letter on the above subject in today's Journal some errors of the compositor have altered and obscured my meaning. I am made to say: "The eldest sons of dukes, marquises (but not earls) are permitted to take the father's second title.' The sentence should read: "The eldest sons of dukes, marquises and earls are permitted to take, by courtesy, their father's second title." The younger sons of dukes and marquises, but not the younger sons of earls, are permitted to take, by courtesy, the title of "lord," but legally they, as well as the eldest sons, are merely "honorables,"

LEGAL ADVERTISEMENTS.

SHERIFF'S SALE. By virtue of a certified copy of a decret to me directed from the clerk of the Superior Court of Marion county, Indiana, in cause No. 48047, wherein William H. Nichols is plaintiff and Nancy J. Bash et al. are defendants, requiring me to make the sum of thirteen hundred and sevety-nine dollars and nine cents (\$1,379.09), as provided for in said decree, with interest and costs, I will expose at public sale, to the highest hidder. On SATURDAY, THE 19TH DAY OF JANU-

SATURDAY, THE 19TH DAY OF JANUARY, 1895,
between the hours of 10 o'clock a. m. and 4 o'clock p. m. of said day, at the door of the courthouse of Marion county, Indiana, the rents and profits for a term not exceeding seven years, of the following real estate in Marion county, Indiana: Lot number twelve (12), in block five (5), in Stoughton A. Fletcher, jr.'s, northeast addition to the city of Indianapolis.

If such rents and profits will not sell for a sufficient sum to satisfy said decree, with interest and costs, I will, at the same time and place, expose to public sale the fee simple of said real estate, or so much thereof as may be sufficient to discharge said decree. Said sale will be made without relief from valuation or appraisement laws.

relief from valuation or appraisement laws.

ALBERT A. WOMACK,

Sheriff of Marion county. December 29, 1894. Lucius B. Swift, Attorney for Plaintiff. SHERIFF'S SALE.

By virtue of a certified copy of a decree Superior Court of Marion County, Indiana, in cause No. 47829, wherein Howard M. Foltz is plaintiff and Cassey Jackson et al. are defendants, requiring me to make the sum of five hundred and seventeen dollars and sixty-six cents (\$517.66), as provided for in said decree, with interest and costs, I will expose at public sale, to the highest bidder, on SATURDAY, THE 19TH DAY OF JANUARY, 1895,
between the hours of 10 o'clock a.m. and 4 o'clock p. m. of said day, at the door of the courthouse of Marion county; Indiana, the rents and profits for a term not exceeding seven years, of the following real estate in Marion county, Indiana: Lot number four (4) in L. R. Martin's subdivision of lots seven (7) and eight (8), in Charles St. John West's addition to the city of Indianapolis.

If such rents and profits will not sell for a sufficient sum to satisfy said decree, with interest and costs, I will, at the same time and place, expose to public sale the fee simple of said real estate, or so much thereof as may be sufficient to discharge said decree. Said sale will be made without relief from valuation or appraisement laws. SATURDAY, THE 19TH DAY OF JANU-

tion or appraisement laws.
